DESCRIPTION

An authentic blend of a signature wood-look design. Introducing Heartwood, a contemporary glazed porcelain design from our wood-look collection. A combination of natural tones and distinct textures creates a signature piece of art in each 12 x 24 format. Layered with personality, Heartwood focuses on fusing together multiple wood-look strips to develop a diversion from ordinary wood styles. Resilience to wet areas and low maintenance appeal offer benefits that real wood can't compete with. Heartwood is now available in four ultra urban tones.
